

# *TABLE LOOMS for SALE*

I have five 4-harness table looms for sale: three 26-inches wide and two 21-inches wide. My mother, Marilyn DeWinter Scovel, purchased these from the builder Bergman in Poulsbo in the 1980's and used them to teach weaving classes. The looms are kitted with accessories that include a reed, reed holders, extra heddles, warping board, leash sticks and shuttles. The condition of the looms ranges from Good to Very Good and they are located in Bellevue. Asking \$350 or best offer for each kit. Thank you.
